

# Daubrite® 3F VCI EMITTER

The Leading Name in Corrosion Prevention®

## Product Description

Daubrite® 3F foam emitters are 1" x 3" pieces of open cell foam saturated with proprietary Daubert Cromwell VCI that prevents corrosion on exposed metals inside closed spaces. The effective, invisible layer of VCI protection keeps metal safe from the corrosive effects of moisture, salt, dirt, oxygen and other contaminants in the environment. Adhesive backing allows easy, secure installation inside utility boxes, electronic equipment control panels, and electrical cabinets.

## Corrosion Protection

Daubrite 3F foam emitters protect exposed metals in enclosures up to one cubic foot (28 liters). Protection lasts for up to 24 months.

## Features

- Individually wrapped for easy handling and storage. Packed 50 emitters per box
- The small, thin, lightweight emitters fit in tight or restricted spaces
- Proven Daubert Cromwell corrosion inhibitor technology lasts for up to two years
- Effective on steel, copper, zinc, galvanized steel, and multi-metal parts
- VCI protects even in the presence of moisture
- Does not interfere with the performance of electrical or mechanical equipment
- Non-toxic, safe and fully recyclable

## Typical Applications

- Electrical panels
- Circuit breakers
- Firearms storage
- Utility boxes
- Packaged or operating electronic parts in compartments
- Fuse boxes and wherever electronics are housed
- Telephone relays
- Telecommunications equipment
- Marine navigation and communications equipment
- Tool boxes and other metal parts storage

## Guidelines For Use

Packaging personnel should wear gloves while handling metal parts. Packaged parts should be clean and free of fingerprints before wrapping. Metal parts or electronics intended for VCI protection should be no more than 12" from the emitter. Place in a location closest to where you want the greatest amount of protection. As a general rule, use one emitter for every cubic foot of enclosed space.

## Physical Properties

**Packaging**..... Individually packaged in sealed, clear poly bag.  
50 emitters per box, standard.

**Size**..... 1" x 3" x 0.25" (2.54 cm x 7.62 cm x 0.64 cm)

**Protection**.....1 cubic foot (0.028m<sup>3</sup>)

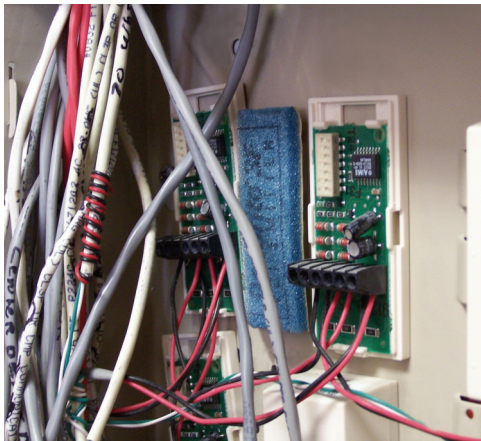

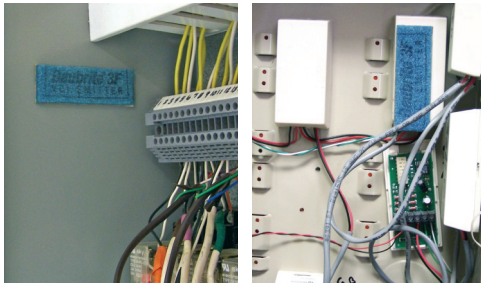

**Color**..... Blue foam, black print

**Backing**..... Peel-away adhesive strip adheres to virtually every surface.

## Storage

Store unused Daubrite 3F foam emitters in a cool, dry place away from direct sunlight.

*Other sizes and types of cut foam available. Ask your sales representative for details.*
